

This Master Services Agreement (the “Agreement”) is made as of July 2, 2026 (the “Effective Date”), between Everest Collective, LLC, a Texas limited liability company with its principal place of business at 8376 Davis Blvd, Suite 138, North Richland Hills, TX 76182 (“Everest”), and Southern Staffing Group, with its principal place of business at *[Client’s principal place of business]* (the “Client”). Everest and Client are each a “Party” and together the “Parties.”

1. Purpose and Structure

This Agreement sets the standing terms that govern Everest’s work for Client. It does not, by itself, commit Everest to perform any particular project. The Parties will describe each specific engagement in a separate Statement of Work (a “SOW”). This Agreement plus all signed SOWs together form the contract for that work.

If a SOW conflicts with this Agreement, the SOW controls for that engagement only. A form of SOW is attached as Exhibit A.

2. Definitions

“Services.” the work Everest agrees to perform under a SOW, which may include, without limitation, leadership retreats and offsites, leadership training and workshops, executive and team coaching, culture diagnostics and advisory work, consulting, project-based work, and any other professional services the Parties describe in a SOW.

“Deliverables.” the work product Everest creates for Client and delivers under a SOW — for example, written reports, frameworks tailored to Client, plans, or materials.

“SOW.” a Statement of Work that references this Agreement and sets out the scope, deliverables, schedule, and fees for a specific engagement.

“Client Materials.” any data, documents, access, facilities, or property Client provides for use during an engagement.

“Confidential Information.” non-public information one Party shares with the other that is marked confidential or that a reasonable person would understand to be confidential, given its nature or the circumstances of disclosure.

“Everest Background IP.” the templates, frameworks, methodologies, tools, know-how, and other materials Everest owns or develops independently of any single engagement, including anything Everest brings to or develops during the Services that is not specific to Client.

3. Independent Contractor Relationship

Everest is an independent contractor. Nothing in this Agreement creates an employment, agency, partnership, joint venture, or fiduciary relationship between the Parties or their personnel.

Everest decides how, when, and by whom its Services are performed, and may use its own employees, subcontractors, or affiliates. Everest's personnel are not Client's employees, and Client has no authority to direct or supervise them. Each Party is responsible for its own personnel, including their pay, taxes, and benefits.

4. Statements of Work

Everest performs Services under SOWs the Parties sign. Each SOW should describe the scope, deliverables, schedule, fees, and any terms specific to that engagement. A SOW takes effect when both Parties sign it.

The Parties may also agree to Supplemental Terms — a short addendum attached to a SOW — when a particular engagement calls for terms not covered here. Supplemental Terms apply only to the engagement they are attached to and control over this Agreement for that engagement.

5. Fees and Payment

Client pays the fees stated in each SOW. Invoices are due within seven (7) days of receipt unless the SOW says otherwise.

Engagements involving an event, retreat, or workshop. Unless a SOW states otherwise, Client pays fifty percent (50%) of the total fee on signing the SOW (due within seven (7) days) and the remaining fifty percent (50%) within seven (7) days after the event is completed.

Expenses. Client reimburses reasonable, pre-approved out-of-pocket expenses (such as travel, venue, and materials) at cost. Everest will provide receipts on request.

Late payment. Overdue amounts accrue interest at 1.5% per month, or the maximum the law allows if lower. Fees are exclusive of taxes; Client is responsible for any applicable sales or use taxes other than taxes on Everest's income.

6. Changes to Scope (Change Orders)

Each SOW covers the scope it describes. If Client asks for work outside that scope, or if circumstances require a material change to the scope, schedule, or fees, the Parties will document the change in a written change order signed by both Parties before the additional work begins.

Everest is not required to perform out-of-scope work until a change order is signed, and any out-of-scope work performed at Client's request is billable at Everest's then-current rates. Delays caused by

Client, or by late or incomplete Client Materials, may shift the schedule, and Everest is not responsible for those delays.

7. Event Cancellation and Rescheduling

This Section applies to engagements involving a scheduled event, retreat, or workshop. “Event Date” means the first scheduled day of the event under the applicable SOW.

Cancellation by Client. If Client cancels, Client owes the following share of the total SOW fee, based on how far before the Event Date Everest receives written notice:

Notice before Event Date	Client pays	Why
More than 30 days	25% of total fee	The date can usually be rebooked; covers planning already done.
15–30 days	50% of total fee	Most preparation is committed and short-notice rebooking is difficult.
0–14 days, or no-show	75% of total fee	Venue, catering, and travel costs are largely non-refundable and the date is effectively lost.

Amounts already paid are applied first; any shortfall is invoiced and due within seven (7) days, and any overpayment is refunded.

Rescheduling (instead of cancelling). Client may reschedule once per SOW. If Client gives more than 14 days’ notice, there is no reschedule fee and amounts paid carry to the new date. If Client gives 14 days’ notice or less, a reschedule fee of 10% of the total fee applies, and amounts paid carry to the new date.

Cancellation by Everest. If Everest cancels an event for reasons other than Client’s breach or a force majeure event, Everest will refund all amounts paid for that event.

8. Intellectual Property

Everest Background IP. Everest owns and keeps all rights to its Everest Background IP. Everest grants Client a non-exclusive, non-transferable license to use any Everest Background IP that is embedded in a Deliverable, solely for Client’s internal business purposes.

Deliverables. Once Client has paid in full for the applicable Services, Everest assigns to Client all rights it holds in the Deliverables created specifically for Client under that SOW, excluding any Everest Background IP within them. Client therefore owns the custom Deliverable, and Everest retains its underlying frameworks and methods.

Client Materials. Client keeps all rights to Client Materials and grants Everest the limited license needed to perform the Services.

Everest may use general skills, knowledge, and experience gained during an engagement, and may create similar work for others, as long as it does not use Client’s Confidential Information.

9. Confidentiality

Each Party will protect the other's Confidential Information with at least reasonable care, use it only to perform or benefit from this Agreement, and not disclose it except to its personnel and advisors who need it and are bound by similar obligations.

These obligations last for three (3) years after the Agreement ends; for trade secrets, they last as long as the information remains a trade secret. Confidential Information does not include information that is or becomes public through no fault of the receiving Party, was already known to it, is rightfully received from a third party, or is independently developed without using the other Party's Confidential Information. A Party may disclose Confidential Information if legally required, after giving prompt notice where allowed.

10. Data Protection

If Everest handles personal information about Client's employees or participants (for example, names, contact details, or assessment results), Everest will use it only to perform the Services, protect it with reasonable safeguards, and return or delete it on request after the engagement ends, except for copies it must keep by law or in routine backups.

11. Client Responsibilities

Client will give Everest timely access to the people, information, facilities, and Client Materials reasonably needed to perform the Services, and will ensure that what it provides is accurate and that it has the right to provide it. As noted in Section 6, Client-side delays may affect the schedule.

12. Assumption of Risk for In-Person Activities

Some Services — such as in-person workshops, retreats, or experiential exercises — involve activity that carries inherent risk. Everest will take reasonable precautions to provide a safe, professional environment. Participation is voluntary, and Client is responsible for its personnel's participation. Except to the extent caused by Everest's gross negligence or willful misconduct, Everest is not liable for injury, loss, or damage arising from voluntary participation in these activities.

13. Indemnification

Each Party (the "Indemnifying Party") will defend and indemnify the other Party and its officers, directors, and employees against third-party claims, losses, and liabilities to the extent they arise from the Indemnifying Party's (a) gross negligence, willful misconduct, or violation of applicable law, (b) material breach of this Agreement, or (c) personal injury or property damage it caused. Where both Parties are at fault, each indemnifies in proportion to its share of fault.

14. Limitation of Liability

Except for the indemnification obligations in Section 13, a Party's breach of confidentiality, or damages caused by a Party's gross negligence or willful misconduct, neither Party is liable for indirect, consequential, incidental, special, or punitive damages (including lost profits, business interruption, reputational harm, or anticipated savings), even if advised of the possibility.

Subject to the same exceptions, each Party's total liability arising out of a SOW will not exceed the total fees Client paid to Everest under that SOW.

15. Disclaimer of Warranties

Everest will perform the Services in a professional, workmanlike manner. Except for that commitment, the Services and Deliverables are provided "as is," and Everest disclaims all other warranties, express or implied, including merchantability and fitness for a particular purpose. Everest does not guarantee specific outcomes or results from its recommendations, tools, or strategies.

16. Term and Termination

This Agreement starts on the Effective Date and continues until terminated. Either Party may terminate this Agreement for convenience on thirty (30) days' written notice, but not while a SOW is active unless that SOW allows it.

Either Party may terminate this Agreement or any SOW for material breach if the breaching Party does not cure the breach within fifteen (15) days after written notice. On termination, Client will pay for all Services performed and non-cancellable costs committed up to the termination date, and Section 7 governs event cancellations.

17. Subcontractors

Everest may use qualified subcontractors or affiliates to perform parts of the Services and remains responsible for their work under this Agreement.

18. Non-Solicitation

During the Agreement and for twelve (12) months after it ends, neither Party will knowingly solicit for employment or hire the other Party's personnel who were materially involved in the Services, without the other Party's written consent. General public job postings, and responses to them, do not violate this Section.

19. Marketing and Use of Name

Neither Party will use the other's name, logo, or trademarks in promotional materials without prior written consent, except that Everest may list Client in general client listings unless Client opts out in writing.

Client acknowledges that Everest is a visual firm. Everest will obtain Client's consent before using any images, video, or direct quotes that identify Client's executives or employees. Everest may use generic, non-identifiable images or footage of the general event setting or atmosphere that do not reveal Client's confidential information.

20. Insurance

Everest will obtain and maintain the insurance coverage appropriate to the Services as described in the applicable SOW, and will provide certificates of that coverage on Client's written request.

21. Force Majeure

Neither Party is liable for delay or failure to perform caused by events beyond its reasonable control, such as natural disasters, epidemics or pandemics, war, terrorism, labor disputes, utility or internet failures, or government action. The affected Party will notify the other as soon as practicable and resume performance promptly once it can.

22. Dispute Resolution

The Parties will first try in good faith to resolve any dispute through negotiation between senior representatives. If they cannot resolve it within thirty (30) days, the dispute will be settled by confidential, binding arbitration administered by the American Arbitration Association under its commercial rules, seated in Austin, Texas. Each Party bears its own attorneys' fees and costs. Either Party may seek injunctive relief in court to protect Confidential Information or intellectual property while arbitration is pending.

23. Governing Law and Venue

This Agreement is governed by the laws of the State of Texas, without regard to its conflict-of-laws rules. For matters not subject to arbitration, the Parties submit to the exclusive jurisdiction of the state and federal courts located in Austin, Texas.

24. General Provisions

Notices. Notices must be in writing and sent to the addresses on the signature page (or to the email each Party designates for notices). Notice is effective on delivery if hand-delivered or emailed with confirmation, or three (3) business days after mailing.

Assignment. Neither Party may assign this Agreement without the other's written consent, except to a successor in a merger or sale of substantially all assets, with notice to the other Party.

Entire Agreement; Amendments. This Agreement and all signed SOWs are the entire agreement between the Parties and replace all prior discussions. Neither Party has relied on any promise or statement not written here. Changes must be in writing and signed by both Parties.

Severability; Waiver. If any provision is unenforceable, the rest stays in effect. A Party's failure to enforce a right is not a waiver of it.

Counterparts. This Agreement may be signed in counterparts, including by electronic signature, each of which is an original.

Survival. These Sections survive termination: 2 (Definitions), 5 (accrued payment obligations), 7, 8, 9, 10, 13, 14, 15, 18, 22, 23, and 24.

Agreed and accepted by the Parties as of the Effective Date.

EXHIBIT A

Form of Statement of Work

Statement of Work No. 01

This Statement of Work (this “SOW”) is entered into as of July 2, 2026 under, and incorporates, the Master Services Agreement dated July 2, 2026 between Everest Collective, LLC and Southern Staffing (the “Agreement”). Capitalized terms not defined here have the meanings in the Agreement.

1. Scope of Services

Everest will perform a structured Discovery & Assessment engagement for Southern Staffing. Before recommending or committing to any ongoing engagement, Everest will develop an evidence-based, quantified picture of where the greatest value lies in Southern Staffing’s business, so that any work that follows is grounded in data and stakeholder input rather than surface-level observation.

This engagement is designed to help both Parties decide whether there is a strong basis for a longer-term partnership. If there is mutual fit, the findings will form the foundation for that ongoing work, which the Parties will document in a separate Statement of Work.

2. Deliverables

Everest will produce the following as part of the Discovery & Assessment engagement:

- 1. Business Diagnostic.** A clear-eyed assessment of Southern Staffing’s current state — operations, performance, bottlenecks, and untapped opportunities — based on data and stakeholder interviews rather than surface-level observation.
- 2. Quantified Value Case.** A financial model identifying where value can be created or recovered, including revenue growth, risk mitigation, and efficiency gains.
- 3. Prioritized Roadmap.** A sequenced action plan that ranks initiatives by impact and feasibility, so Southern Staffing knows what to tackle first and why.
- 4. Recommended Engagement Plan.** A proposed scope, structure, and timeline for the ongoing work.
- 5. Executive Readout.** A presentation of findings and recommendations to Southern Staffing’s leadership team, with a documented summary for its records.

3. Schedule

Start date: August 1, 2026. The Discovery & Assessment engagement runs over approximately three months, from August through October 2026. Everest will conduct its diagnostic work and stakeholder

interviews across August and September, develop the Quantified Value Case and Prioritized Roadmap through September and October, and deliver the Executive Readout to Southern Staffing's leadership team by the end of October 2026.

This engagement is advisory and analytical and does not include an event, retreat, or workshop, so there is no Event Date.

4. Fees and Payment

Total fee: \$35,000 (thirty-five thousand dollars) for the Discovery & Assessment engagement. Everest's standard rate for this work is \$35,000 per month; for this engagement the Parties have agreed to a fixed total of \$35,000, payable in three installments to support cash-flow management.

Payment schedule. Everest will invoice each installment at the beginning of the applicable month, and each invoice is due within seven (7) days of receipt, consistent with Section 5 of the Agreement:

August 2026: \$10,000

September 2026: \$10,000

October 2026: \$15,000

Reimbursable expenses: reasonable, pre-approved out-of-pocket expenses (such as travel and materials) incurred in connection with this engagement, reimbursed at cost in accordance with Section 5 of the Agreement.

5. Client Responsibilities and Materials

Southern Staffing will give Everest timely access to the people, information, systems, and materials reasonably needed to perform the Services, including relevant financial and operating data, access to key personnel and stakeholders for interviews, and any documents or reporting needed for the diagnostic. Southern Staffing will make this access available promptly at the start of the engagement so the diagnostic and interviews can be completed on schedule. As noted in the Agreement, Client-side delays or late or incomplete materials may affect the schedule.

6. Insurance for this Engagement

None required. The Services under this SOW are advisory and analytical and do not involve in-person events or physical activities.

7. Supplemental Terms (optional)

None. Any ongoing engagement that follows this Discovery & Assessment period — including its scope, structure, fees, and any equity or transaction-based arrangements the Parties may agree — will be set out in a separate Statement of Work under the Agreement.

Agreed and accepted:
